DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

Claims 1-11 are allowable over the reference of record because none of these references disclose or can be combined to yield the claimed invention such as a pair of high frequency signal pins that penetrate through and fit into the pair of pin insertion holes of the dielectric, and that constitute different lines electrically connected to the optical semiconductor element wherein the pair of high frequency signal pins are coupled by an electric field coupling each other, one of the high frequency signal pins extracts a positive-phase current signal and the other high frequency signal pin applies a current signal opposite in phase to the positive phase current signal as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled ""Comments on Statement of Reasons for Allowance.
